Reduced Race Mark By 28 Minutes

Feldhauser-Fowler Finish 1st

The veteran canoe racing team of Don Feldhauser of Grayling and Bernard Fowler, formerly of Grayling and now of Vanderbilt, finally broke into the winners circle in the seventh running of the Annual Michigan Canoe Championship, and accomplished in championship style as they slashed 28 1/2 minutes from last year's record time.

Squeezed out of a victory last year by a scant four minutes, the two sturdy rivermen went out like a streak after starting eleventh in this win to the mast. Their record time was 17 hours and 33 minutes surpassing last year's mark set by Ted Engle and Jay Stephan, the race's only three time winners. They took a \$1,000 cash prize, won possession for one year of the new Tom Marston trophy, provided by EMTA and will have their names engraved as the first winners of the Jerry Curley Memorial trophy presented by the Osceola-AuSable Chamber of Commerce.

It is also reported that the two men will receive a substantial cash reward from their sponsors for their victory.

Only nine of the 22 teams that started the exhausting contest Friday night at Grayling had finished shortly before midnight Saturday night.

It was a Fowler-Feldhauser race all the way. Starting off in 11th place, they passed their closest competitors, the young team of Eugene Ray, 18, and Ralph Sawyer, 16, both of Osceola who started in second place, three hours out of Grayling where the South branch of the AuSable enters the main stream.

At Mio Dam, the first portage Fowler and Feldhauser crossed over at 6:45 o'clock Saturday morning, nine minutes actual time (13 1/2 minutes corrected time) ahead of the Osceola team. At the second portage, Alcona dam, the winners had increased their lead to 18 minutes actual time.

Third team over the Mio dam was Steve Kolonich of Tawas City and Larry Kindell, of Melvor, at 7:08 a. m. This team held its third place at Alcona, crossing at 11:00 a. m. and finished in third place.

The canoes got off to a fine start at Grayling with the first team away, that of Clarence Raymond and Richard Griese, of Detroit, taking the starting flag from Eric Post, president of the Grayling Sportsman's Club at Friday midnight. The remainder of the 22 starters followed at 30-second intervals, which allowed each canoe to get well around the first bend before the next one started out. In previous daylight starts, a 10-

LIFE PHOTOS RACE

Two photographers from Life Magazine took over 200 separate pictures of the seventh running of the Michigan Canoe Championships. They arrived in Grayling about 10 a. m. Friday night and after getting pictures of the start in Grayling were taken the full length of the race to Osceola by Robert Bovee of Grayling. They stopped at various vantage points to shoot more pictures. Although a few photographers couldn't guarantee that the pictures would appear in the magazine, they said that if they were used it would be in the issue of September 18.

second interval had been used by two canoes.

Fowler and Feldhauser first seen at Mio as they emerged from a heavy fog which lay on the water until within a half a mile from the dam. The next three teams in had to feel their way through the heavy fog which blanketed the dam. Only familiarity with the river enabled them to make the landing without losing considerable time. When the fifth canoe paddled by Delbert Curley and Stuart McNeil both of Osceola, cleared the dam the sun came out and the fog had raised.

About the time the first teams reached the backwaters of Alcona dam a stiff wind sprang up and it was necessary for all of the racers

Record Slashed In Boy's Race

Last year's record was broken by one minute when Gary Leslie and Tony Dornire, both of Grayling, won the Grayling Sportsman's Club Boys' Canoe race down the AuSable river Friday afternoon.

The winning two-man team covered the 20 - mile downriver course from the U-27 Highway bridge in Grayling to Stephen's bridge, in one hour and 52 minutes.

The Boys' Canoe race was held as a preview of the Michigan Championship Canoe race down the AuSable river that started at midnight Friday and concluded at Osceola Saturday afternoon shortly after five o'clock.

A total of 18, two-man canoe teams competed in the Boys' race, held for youths from 10 to 14 years old. All but three of the teams finished.

Gary, who is 14 years old, is the son of Mrs. Margaret Leslie of Grayling. His partner, Tony 13, is the son of Mr. and Mrs. Ellwyn Dornire of Grayling.

Placing second in the boys' race was the team of Clare Madsen and Larry Yoder who ran the course in one hour and 54 1/2 minutes. Only two minutes behind the Madsen-Yoder duo were Lewis Johnson and Bill Kellogg, both of Grayling, who received the third place trophy.

The first eight teams across the finish line were guests of Gene Brown and the Sportsman's Club at a dinner at Brown's AuSable River Inn, Friday night.

Trophies were provided for the winners by Mr. and Mrs. John Ludeman, of Camp Shoppagons, and were presented to the young canoeists by Eric Post, president of the Sportsman's Club.

Later Friday night the Grayling American Legion post sponsored a dance as another highlight of the pre-race program of the Michigan Championship contest.

Kessler started work at the Grayling Post Office on June 2, 1932, making this his 22nd year there.

Mr. and Mrs. Russell Baldwin Decker and Mr. and Mrs. Tom Strohauser Alger spent Sunday with Mr. and Mrs. Stan Flower.

to fight winds and choppy water all the way across the ponds at Alcona, Loud, Five Channels, Cook and Foote dams.

With total prize money amounting to \$2,050. Second place money of \$500 went to Roy and Sawyer who finished 38 minutes behind the winners. Third place money and \$200 went to Kolonich and Kindell who were nine minutes behind the second place team. Fourth place and \$100 went to McNeil and Curley.

The other teams that finished the race, the order in which they placed, the prize money and their time included: Fifth - Meh Lebus and Lewis Clevier, both of Alcona who finished at 7:40 o'clock and won \$50; sixth - Marion Ferris and Merritt Vorton both of Osceola, who finished at 7:50 o'clock and won \$50; seventh - Howard LeBrant of Whiting, Ind.; and Robert Pomrenke, of Chicago, who finished at 8:17 o'clock and won a \$50 prize.

In eighth place was the team of Del Case and Bob Smock, both of Grayling, who finished the course about 9:15 o'clock to win a \$50 prize. Then ninth and final canoe to finish was that of B. F. Sowers, of Benton Harbor and George Belmont of Allanwater, Ont., who pulled past the finish line shortly after 10:00 o'clock Saturday night to win a \$25 prize.

The Seventh Annual canoe marathon had previously been classed as a battle between youth and enthusiasm, and age and experience. This year's race gave the edge to the latter. Fowler and Feldhauser have run the course no less than three times. They have the age, the experience and the endurance, which was proved by the manner in which they paced the contestants for the entire distance. Their long, easy strokes carried their canoe through the water better and faster than any of the others.

Sawyer and Roy who have won four out of five Michigan sprint races this year, use a short choppy stroke, which has proved fine for them in every race they ran so far. But it was not sufficient, nor did they have quite the endurance to keep the pace during the grueling grind that lasted for more than 17 hours. They made a game battle all the way and received the plaudits of the large crowd which followed the race for their efforts.

Both Fowler and Feldhauser had expressed confidence in their ability to run a good race, as well as a determination to take a first place after their excellent showing last year. The results showed that they were right all the way.

The canoe used by the winning Fowler-Feldhauser duo had a fiberglass "skin" in place of the usual canvas the first time in the history of the race that this covering had been used.

They purchased the canoe without the usual canvas "skin" and had it covered with the fiberglass.

As the contestants landed here they were rushed to the Osceola school gymnasium where they took showers and were given rubdowns.

Donald Leonard, Detroit police commissioner, made the presentations to Fowler and Feldhauser and to the other prize winners at the award ceremonies held at 11 o'clock at the Osceola band shell.

Master of ceremonies was Guido J. Freund, of Osceola, general race chairman.

During the race the hundreds of spectators that gathered at Grayling, Osceola, Mio and Glen Lake were kept informed of the progress being made by the contestants by short wave radio.

Thousands of other spectators were stationed at vantage points along the stream to watch the racers paddle by, the river contest being one of the most spectacular events of the long Labor Day holiday weekend in the North land.

Football Clinic Friday Evening; Plan Intersquad Game Saturday

The Grayling High football clinic will be held this Friday evening at 7:30 p. m. in the high school gym. It is hoped that all parents of football players can attend. Anyone interested is very much welcome and as large a turnout as possible is looked forward to by Coach Arthur Allen.

A better understanding of the game and the development of interest are the two main objectives of the clinic, Coach Allen said. All equipment will be displayed and demonstrations as to its use will also be given.

After the first week's practice, the Viking squad is beginning to shape up, the coach said, as well as can be expected. The spirit of the team is well above any previous season hope. Last Friday's practice was held at 6:00 a. m. in order that the squad members could work that day. At the stroke of 6 every member of the squad was at the field ready for workout. A few hadn't their breakfast and a few had but one eye open.

A few of the members are starting to show promise. Dick Kennedy and Glen Ewalt, a pair of sophomore tackles are showing lots of drive and their weight is welcome on an otherwise light team. Larry Balch and Kenneth Lazarowicz are also showing up well. Gary Gust, Jim LaGrow and Gary Leslie are looking well as fresh linemen while Bill Hall and Bill Martin will be tried out at quarterback.

An intersquad game will be held this Saturday with the sophomores lining up against the rest of the squad. The sophs make up just about half of the squad. Their team will be made up of Carlson, center; J. Parkinson and J. Robertson, guards; Ewalt and Kennedy, tackles; Jorgenson and Luter, ends; G. Parkinson, Kenyon, Failing and Kolka, backs.

Grayling Mercy Hospital Campaign Passes Drive Halfway Mark

With \$155,500 raised in the Grayling Mercy Hospital building fund campaign, the half-way mark in the \$300,000 drive has been passed, the campaign executive committee announced today. It is hoped that the summer resident's quota of \$125,000 will be reached when the final report of the summer resident's committee is made on Friday, Sept. 11. When the final report is made a breakdown will be given showing the amount raised at the various lakes and rivers in the hospital service area. A list of the volunteer workers will also be published.

An initial gift of \$500 from the men of the 125th Infantry Regiment has been received. Col. Cecil Kennedy is the commanding officer of the Regiment. Major General Ralph A. Loveland, commanding general, 46th Division, Michigan National Guard, expressed appreciation for the service given by the Mercy Hospital to the men at Camp Grayling and stated that he hoped that a sufficient amount in voluntary contributions would be received from the men of the 46th Division to make it possible to have a memorial room in the proposed new hospital.

The next phase of the program which will start immediately is the organization of special gifts committees in Grayling, Roscommon, Higgins Lake, Houghton Lake, Lewiston, Frederic, Livels, Mio, Luzerne and Kalkaska. Each committee will have co-chairmen and a definite quota.

In addition to launching the special gifts committee part of the program, the activity of the memorial gifts committee will continue. Franklin P. Hills and George Griffith are co-chairmen of this committee.

The campaign executive committee stated that although excellent progress has been made to date, a big job is yet to be done. They added, "We hope that every one will realize that sacrificial giving is essential to having a successful campaign. This is the only time that most people have ever been asked to give to the

Grayling Mercy Hospital. Every one should therefore make a "gift of a lifetime". To do this, a three year pledge is essential for most. Everyone should remember that his one time gift will provide many years of service and will help to save many lives. One of the lives saved may be that of the donor."

Among the new memorial donors were: Mr. and Mrs. Joseph Hirschfeld, semi-private; Mr. and Mrs. A. J. Sorenson, social service office; Mrs. P. B. Hardy, nurse station; and Mrs. Amasa M. Rust and Mrs. Benjamin Kessel, semi-private.

## Preparing For Peace . . .

One of these days, we all hope, something resembling peace will come to the world and it will be possible to make really big cuts in our war spending. When that day arrives, we can attain a true and sound prosperity only if the gaps created by the reduction in production and purchasing for war are filled by production and purchasing for other purposes.

In other words, the hope is for peace accompanied by an economy geared to keeping supply and demand at a reasonable level. For more than a year a committee headed by Professor Malcolm P. McNair, Lincoln Filene Professor of Retailing at Harvard University, has been working on a plan whose principal objective is to develop recommendations as to how retail distribution can most effectively help in the necessary readjustments.

Before long, the plan will be completed. It deals with the relation of retailing to a dynamic economy and its contribution to a higher standard of living. Such matters as improved operating methods and the establishment of successful regional shipping centers are being given expert attention. So are government relations and foreign trade.

It is natural that retailing should do this. For if and when we make the vast transition from a war economy to a peace economy, retailing's role will be difficult to exaggerate. Retailing—large and small, chain and independent—is one of our biggest employers. Most of the family's income goes across retail counters. Retailing is the bridge between farm and factory and the home of the consumer. The success of its selling efforts largely decides whether times are good or bad in this country.

You get greater getaway with the new Powerglide®  
A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide® models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrifty-King" engine.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

\*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

for all school teachers in Michigan is only \$3,900 per year. This, compared with \$3,030 starting salary for untrained stenographers under state civil service, does not seem an amount to attract people into the teaching profession.

Financing schools will be more difficult, too. Mr. Taylor expects about \$185 million to be available for school districts this year. That is one million less than last. Michigan's 1,250,000 school children need 45,000 teachers (2,000 more than 1932). Figured on a per student basis, schools must operate on \$147 per year, a decrease of \$10 as compared to last year.

Residents must be prepared to hear more and more about education problems. This year's increase of 70,000 students is largely made up of children born since the close of World War II. They mark the first part of an increase which is expected to swell each year. The meeting of this challenge is a primary consideration of leading educators. Even now they point out the inadequacies of schools at all levels from kindergarten to college.

A new tax form will soon be in the mail. It will be sent to companies and people taking in \$20,000 or more a year. It concerns the first payment of the Business Receipts Tax which was enacted mid the furor of closing days of the last legislative session. The form is simple. It asks for only four figures: How much was taken in? How much can be deducted? How much is the difference? How much is due?

Buck passing on bingo and other forms of "charitable" gambling is responsible for one of the dirtiest political situations in years. Every government agency finds it wise or necessary to point its finger in another direction. Result: Any one trying to fix responsibility gets groggy running a circle from office to office.

Bolled down, the situation can be simply described. Banning of bingo depends on the prosecutor and sheriff in each county. These officials can order arrests. If they prove their cases, courts have little choice, must find defendant guilty. State law and legal precedence are plain. Bingo and raffles are unlawful according to Supreme Court interpretations.

"Outs" exist for just about everyone. The Governor, whose office permits him to remove a local official not performing his duty, refuses to become involved. "It's strictly a local issue," he says. The Attorney General cannot yield to requests that he permit "charitable" bingo games. His explanation: he "can only interpret the laws as they are written." State Police have a long standing policy of taking part in local law enforcement only when requested by local officials or when ordered by the governor. It is natural that they should maintain this practice with bingo. And they do.

Ducking out from behind the eight ball are local police officials and prosecutors. Cussed if they do and cussed if they don't, they face the dilemma of angering part of the local population no matter what they do. Since they are elected officials, their job may depend on the keenness with which they analyze hometown sentiment. If sufficient pressure is brought to bear, local officials forbid such lotteries; otherwise, they tend to overlook them.

No lottery is permitted in any part of the state; forbidden in others. Detroit firemen, who hold an annual raffle of automobiles at a field day, were warned by Detroit Police Commissioner Donald Leonard that they would be arrested if they sold tickets this year. They countered by securing an injunction from a Detroit Circuit Judge preventing enforcement of the gambling law in their case. Copies of the injunction were served upon Detroit and State Police Commissioners, prosecutors and the Attorney General. Legal mills grind sufficiently so that tickets were sold and the raffle held before anything could be done... if anyone had wanted to do anything.

Only solution, says the Attorney General's office, is for the Legislature to make new laws which permit "charitable" gambling; make practical definitions about the other forms of lotteries and games of chance.

Feeling runs high on both sides of this argument. In the minds of some legislators, the harm done is more theoretical than practical. For these reasons, no one should be surprised if the Legislature is "too busy" with more pressing matters to consider the question at all.

"About 70,000 more children are starting school this year than last September," says Clair L. Taylor, superintendent of Michigan Department of Public Instruction.

Youngsters in school relieve mothers of worries during class hours, but the vastly increased number of them add up to a manifold headache for school administrators in crowded areas.

Most difficulties are encountered in lower grades of schools in metropolitan districts, those areas adjoining Detroit, Flint, Grand Rapids, Lansing and other cities.

Biggest educational problem is also an old one. Teachers and their salaries. Although pay in many areas is fair, average salary

## Twenty-Sixth Annual Home Coming Picnic

Remember the Farmers Picnic, annual, in the Ostrander neighborhood near Pere Cheney? Then the first of the Home Coming Picnics, 26 years ago, at the Beaver Creek Town Hall.

Well, Sunday about noon they began coming from far and near to greet and visit with friends and relatives.

The addition to the hall added much comfort for all and gave the children plenty of playroom. After the first comers were joined by others the men folks started the ball game. That was fun to watch and to play. Hard-woods beat the Jack Pines by a score of 27 to 3.

Volunteer music, piano, banjo and violin, kept things lively inside during the afternoon while the children had their races and contests. Prizes for boys races were awarded to Alvin Barnes, Eugene Short and Danny Canfield. Girls winning were Ann Bristol, Darlene Blanchard and Pat Short. Robert Townsend and Bonny Pratt also won. The peanut race for little tots was won by

Walter Nelson, Carol and David Townsend. These were supervised by John LaMotte and Andy Nelson.

Mrs. Andy Nelson and Mrs. Roy Millikin were kept busy serving coffee, pop, pie, hot dogs and hamburgers. In fact, their domain, the basement, was really crowded near midnight when all the lights went out. It was dark for a while but flashlights and auto lights kept the dancing and all going for some time.

Mrs. June Taylor, piano, and Bob Meaker with several instruments kept folks dancing happily from evening to early morning. The Committee wishes to thank the folks for coming and helping the affair to be a huge success. And the folks wish to thank the committee and helpers for making these home comings possible. A big hand to John LaMotte, who has been the leading manager for many years, and to Andy Nelson and their helpers!

Remember the names of 50 years and more ago? Homer Benedict, John, Peter and Horace Failing, Henry Moon, William Hatch, Lewis Parker, Andrew Mortenson, Papendicks, George Annis, of the Beaver Creek neighborhood. And of Center Plains (the eastern township of Beaver Creek was named Center Plains before 1898). Frank and John Love, Lemann Sewell, Walter Nelson, William Millikin and

John Skingley. There were many others but we mention these for they were all represented at Sunday's picnic by the following:

George Annis was there to greet the families of his old neighbors and friends. Mr. and Mrs. Forrest Annis and children.

Mr. and Mrs. George Kniss (Eva Benedict) and son Boyd and wife and three sons all of near Kalkaska. Mr. and Mrs. Robert Kings, Grayling, Mr. and Mrs. Oscar Siderman (Ellen King) and son and daughter of Howell, Mr. and Mrs. Otto Failing of Gaylord, Mr. and Mrs. Howard Bunker (Jesse Failing) and Mr. and Mrs. Eugene Papendick of Grayling, John Failing of Roscommon and sister Mrs. Earl (Wolda) Failing.

Mr. and Mrs. William Chesney (Belle Hatch) of Muskegon, Levi Hatch, Mr. and Mrs. Charles Hatch and son, Mr. and Mrs. William Hatch of Beaver Creek, John Moon of Flint and Mr. and Mrs. Albert Moon of Beaver Creek, Mr. and Mrs. Frank Millikin (Bertha Love) Mr. and Mrs. Roy Millikin, Mrs. Minnie (Love) Hartley of Grayling, Mr. and Mrs. Andrew Nelson of Beaver Creek, Mr. and Mrs. Charles Sewell, Mr. and Mrs. Warren Sewell, Mr. and Mrs. Calvin Sewell and sons, Gordon and Donald all of near Gaylord and Spar.

Mr. and Mrs. Harry Sewell and son, Mr. and Mrs. Robert Sewell

## Golf Club Members Enjoy Smorgasbord

One of the nicest affairs of the season was held at the golf club last Thursday evening in the nature of a Smorgasbord. Close to one hundred members and guests

and two sons of near Flushing, Mr. and Mrs. Roland Sewell, son, Wayne and daughter, Gayle of Fenton.

Mr. and Mrs. Clarence Papendick and son and Mrs. Beatrice May of Grayling, Mrs. L. Parker, Mr. and Mrs. Orville Barnes and three sons, Norman Parker and three children of Roscommon, Mr. and Mrs. Claude Nash of Saginaw, Mr. and Mrs. Melvin Enyart of Grayling and Mr. and Mrs. Hjalmar Mortenson of Beaver Creek.

The day being the 48th wedding anniversary of Mr. and Mrs. Chris King (Verna Benedict) who are now living in Florida, their daughter, Mrs. Sidermann is sending a Round Robin letter with many messages from their friends at the picnic, which will cheer them much.

served themselves from a refreshment table laden with tempting food. The table was graced with a centerpiece of yellow daisies guarded on either side by tapers.

Mrs. Royale Wright was in charge of the affair and was assisted by several auxiliary members. She is to be complimented on the splendid array of food and the club wishes to thank her for her work in it's behalf.

Following dinner the following won door prizes: Dr. C. E. Keyport, Mrs. Anne Dobson, Mrs. E. Elmore Henig, Mrs. Willard Correll, Mrs. Roy Milnes, Mrs. Roy Vanderhook, Mrs. Emil Giegling, Mrs. Les Welch, Mrs. Frank Snaigen and Mrs. Ella Wilcox. Cook, Spikes Keg O' Nails and The Grayling Lumber and Supply Company.

Tentative plans call for an auxiliary luncheon on September 18th at which time an election of officers for the coming year will be held.

**FISHING PREVUE FOR '54**  
In Chicago a few days ago fishing tackle distributors from all over the nation gathered for the annual prevue of fishing gadgets to be put on the market for the 1954 season. The ingenuity of manufacturers in this business almost defies one's imagination! A Florida real estate man decided to retire a few months ago. While idling about the house, he picked up a few of his wife's plastic hair-curlers, attached a couple of fish hooks, tied on a line and found out they "swam" thru the water with a tantalizing action, hooking many fish. He introduced the lure at the tackle show, got orders for more than a million of 'em. Now he can't retire. He's too busy!

**Lady's Special**  
Lots of ladies like to fish. To them it is most unfortunate that fish go for night crawlers. The tippeys, wiggy worms take all the joy out of fishing when it comes time to put the bait on the hook. Next year it'll be different. Timid lady fishermen will be supplied with small tweezers tipped with non-skid rubber which will offer a firm grip on the crawler allowing it to be impaled on the hook untouched by human hands! This is definitely a step forward! Science on the march!

**Spinning Advances**  
Rod manufacturers have long explored the excessive weight of the average spinning reel. It made long, adjustable, handles necessary to effect some sort of balance for easy casting. Next year's reels will be lightweight. One manufacturer is coming out with a 5-ounce model which may revolutionize spinning rod design — and take a lot of effort out of the sport. True, the reel will only carry 100 yards of 6-pound test line, but that's more than enough for all but salt water fishing.

**Glass Rods Improve**  
The perfection of the hollow glass rods for 1954 will just about doom the future of the bamboo rod industry, according to the experts. Perfectly balanced fly-rods weighing less than 3 ounces will be available with astoundingly fast fly-casting action — rods that will cost less than the finest bamboo models ever built, yet will last a lifetime with no danger of the action ever changing. Hunting arrows will be made of the same material, beautifully balanced and capable of truer flight than their wooden predecessors. From this peak into the new future we can safely say 1954 looks like a bigger and better year for the sportsman in Michigan Outdoors!

## Pipeline's Progress

Stretching snakelike across an upper peninsula landscape, this section of the 30-inch petroleum pipeline, presently being laid across Michigan, will soon be dropped in the ditch at right and covered with earth by bulldozers. When completed, the line will carry petroleum from the Edmonton, Alberta, oilfields to the Port Huron-Sarnia area, spanning Michigan's upper and northern lower peninsulas in the process. Here the line curves through a state forest.

**CARD OF THANKS**  
We wish to express our heartfelt thanks and appreciation for the many acts of kindness, messages of sympathy and beautiful floral offerings received during our recent bereavement in the loss of our darling baby boy.

We especially wish to thank Rev. Hollie Luter and choir, the John J. Reigle Funeral Home of Flint, Bud Sorenson Funeral Home of Grayling, Mr. and Mrs. George Galloway Sr. and children.

## Boy Scout News

The Troop Committee of Grayling Boy Scouts met September 1st in the American Legion Hall. George Schable Jr. was elected Scout Master with Claude Halsted Jr. and LeRoy Mathews as Assistant Scout Masters.

Grayling Sportsman's Club again agreed to let the Scouts meet free in their hall. The Scouts will meet regularly each Tuesday evening from 7 to 8:30.

Ed Reidsig told that there will be a big Scout Camp near Hartwick Pines the first week end in October.

The committee wants to thank our old Scout Master, Eben File, for all the work he has done, and we are sure that he will not forget his old Boy Scout Troop.

We also want to thank William LaRush, Robert M. Hayes, George

Schable Jr. and Claude Halsted Jr. for their help in keeping the Scouts going during the summer months, when we had no Scout Master.

Grayling Boy Scout Troop No. 77 should now be able to go full speed ahead.

# DRIVE IT! PRICE IT!

## Then Compare The Deal!

GENERAL MOTORS LOWEST PRICED RIGHT

Even a picture tells you a great deal about Pontiac's beauty, its long lines and substantial feel. But the best way to appreciate what makes Pontiac such a great value is to get behind the wheel and drive it. Then you'll know you have a real performer in hand. Pontiac always responds with eager, ready-to-go high-compression power—more than any highway will ever require. For all normal driving, the engine can loaf—one reason why Pontiac

leads such a dependably long life.

There's a great deal more to the Pontiac story: ease of handling, beautiful Dual-Streak styling, roominess, comfort, and luxury. And there is Pontiac's PRICE—actually just a few dollars above the very lowest-priced field!

So come in now and drive Pontiac, price Pontiac, compare Pontiac! We're confident that you'll quickly agree that Pontiac is your best deal!
